LUXURY WITHOUT COMPROMISE

Aspire RCB Hybrid flooring represents next generation manufacturing techniques utilising the recently developed rigid composite core board (RCB). RCB core is manufactured from inert mineral compounds that are stable and provide little or no movement; this enables excellent performance characteristics not commonly associated within the Luxury Vinyl Tile category.

The plank construction also incorporates a robust water based PU coating for everyday scuff resistance. Aspire's 0.5mm wear layer and printed visual décor provides realistic timber characteristics and colours in both classic Australian timber species and a contemporary colour palette. Each plank incorporates a stabilising balance layer on the underside with an attached acoustic cross-linked IXPE foam layer that delivers excellent noise reduction performance.

This next generation Hybrid flooring is dimensionally stable, highly durable and suitable for interior waterproof installations providing instant appeal for modern housing, light commercial and retail shop fit out.

AUSTRALIAN TIMBER

The warmth and character provided by our Australian timber species, Blackbutt and Spotted Gum remain a popular choice for designers and renovators alike. Each plank provides its own unique story with 10 varying décor visuals that display stunning texture and natural colour variation.

CONTEMPORARY DECORS

Our design team has created a subtle palette with colour versatility ideally suited to a variety of on-trend interior décors. Plank décor visuals are repositioned at manufacture to provide 8 orientations of the décor paper, this delivers a floor with great personality and charm.

Certain colours within the range feature advanced embossing techniques across the length and width of the plank. This unique process enhances the décor visual.

DÉCOR VISUALS PROVIDE
NATURAL WARMTH
& CHARACTER

AUSTRALIAN TIMBER

1800 x 178 x 6.5mm (Inc's. U'LAY) 5 Planks/Carton 1.920 m²

TECHNICAL SPECIFICATIONS

- Rigid Core Board (RCB) Hybrid Plank
- Click Profile Floating Install
- 0.5mm Robust Wear Layer
- Micro Bevel Edges, V4
- Acoustic test: L'nT,w 43 - AAAC⁵ star rating, 5 Star, Complies with NCC/BCA
- Approx. 20kgs/ctn
- Interior Waterproof with attached Acoustic Underlay
- Fire Test Code Qualified and Slip Test P3
- Floor Score Certified for Interior Air Quality

ACCESSORIES

Aspire colour matched Alloy Trims, Stair Nosing and Waterproof Scotia are available to support a range of install applications. For all other trim accessories please check for availability.

STAIR NOSING

WATERPROOF SCOTIA

KEY FEATURES

- Interior waterproof, can be installed in wet areas including bathrooms and laundry.
- Simple cut to size and angle click for fast install.
- RCB provides superior dimensional stability.
- Excellent for renovations over existing tiles, minimal telegraphing.
- High impact resistance wear layer.
- Super width and classic width planks.
- Attached acoustic sound pad to enhance walking comfort and minimise sound transmission.

Front Cover: Sandy Bluff | Back Cover: NSW Spotted Gum
